2. CORE DESCRIPTION

The Missouri Higher Education Academic Scholarship Program (also known as "Bright Flight") provides scholarships based on academic achievement. Over the program's 37 year history, students and their families have come to view the full scholarship as a state commitment. The scholarship may be renewed until the first bachelor's degree is received or the scholarship has been received for ten semesters, whichever occurs first. There are two award levels based on ACT or SAT scores in the top three percent (a maximum award of \$3,000) and ACT or SAT scores in the top fourth and fifth percentiles (a maximum award of \$1,000). Students scoring in the top three percent must be awarded the \$3,000 maximum before students in the top fourth and fifth percentiles can be awarded. For the 2023-2024 academic year students must achieve an ACT score of 32 to qualify in the top three percent or an ACT score of 31 to qualify in the top fourth and fifth percentiles. Also for the 2023-2024 academic year ACT superscores will be accepted as qualifying scores for the first time. Less than one percent of eligible students qualify based on SAT scores. Based upon appropriations provided, in FY 2024 awards were set at \$3,000 for students scoring in the top three percent and \$1,000 for students scoring in the top fourth and fifth percentiles; this will also be the case for FY 2025.

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$29,076,666 will provide scholarships in the amount of \$3,000 to an estimated 5,860 students qualifying in the top three percent and scholarships in the amount of \$1,000 to an estimated 1,640 students qualifying in the top fourth and fifth percentiles in FY 2025.

Program Name: Academic Scholarship Program (Bright Flight)

Program is found in the following core budget(s): Academic Scholarship Program (Bright Flight)

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program incentivizes academically talented Missouri students to attend a participating Missouri postsecondary institution by providing scholarships based on academic achievement. It encourages the best and brightest students to pursue and complete their education in Missouri rather than out of state. A high school senior must score in the top five percent on the ACT or SAT assessment to qualify. The scholarship award is up to \$3,000 annually for those in the top three percent and up to \$1,000 for those in the fourth and fifth percentiles. Students in the top three percent must be awarded the full \$3,000 before students in the fourth and fifth percentiles can be awarded. For FY 2023 the scholarship was fully funded for the first time since the tiered award structure was implemented in FY 2011, with awards set at \$3,000 for students scoring in the top three percent and \$1,000 for students scoring in the top fourth and fifth percentiles.

The scholarship can be renewed until the first bachelor's degree is received or the scholarship has been received for ten semesters, whichever occurs first.

2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

Note: Calculated by dividing the total awards at public institutions in each fiscal year by the total recipients who graduated from public institutions in that year. This measure demonstrates the cost-per-student to achieve the program's purpose of encouraging students to pursue and complete a degree. The decrease for FY 2021 is a result of the \$3.5 million core cut that reduced the maximum award from \$3,000 to \$2,400.

2c. Provide a measure(s) of the program's impact.

Note: Percentages compare the total eligible applicants scoring in the top three percent (first tier) and the top fourth and fifth percentiles (second tier) to those who received, or are projected to receive, the scholarship at a participating Missouri postsecondary institution for at least one semester in the applicable academic year. FY 2023 is the first year that the top fourth and fifth percentile were funded; this resulted in a larger pool of eligible students than in previous years.

2. CORE DESCRIPTION																			
<p>The Access Missouri Financial Assistance Program was created by SB 389 (2007). This program is designed to provide financial aid to eligible Missouri residents with the greatest financial need. A student's financial need is determined by their federal expected family contribution (EFC), which is calculated based on the Free Application for Federal Student Aid (FAFSA). Students with an EFC at or below \$12,000 are eligible for an award. Students with an EFC above \$12,000 may be considered for an award based on available funding. Award amounts are graduated, using the statutory formula, based on the student's EFC. Within available funding, eligible students receive the highest award possible, up to the maximum established by statute. For FY 2023, the EFC cutoff was increased to \$15,000 and awards were set at the statutory maximum, ranging from \$300 to \$1,300 at public two-year institutions and from \$1,500 to \$2,850 at public four-year institutions, independent institutions, virtual institutions, and State Technical College of Missouri. For FY2024, the EFC cutoff has been increased to \$20,000 and awards are set at the statutory maximum.</p>																			
<p>There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$83,960,000 will provide grants to an estimated 36,000 students in FY 2025.</p>

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This need-based program is designed to encourage low-income students to access and persist through higher education by reducing the cost of education. Within the pool of students determined to have financial need, award amounts are structured to provide the most assistance to the students with the greatest financial need. A student's financial need, as represented by their expected family contribution (EFC), is calculated based on the standard federal needs analysis formula. Students with an EFC at or below the established cutoff are eligible for an award amount. Award amounts are graduated, using the statutory formula, based on the student's EFC. Within available funding, eligible students receive the highest award possible, up to the maximum established by statute.

For FY 2023, based upon state appropriations received, the program provided average awards of \$897 for students attending public 2-year institutions and \$2,279 for students attending public 4-year institutions, independent institutions, virtual institutions and State Technical College of Missouri. In FY 2023 35,717 students were served.

2. CORE DESCRIPTION

The A+ program began as a school improvement initiative established by the Outstanding Schools Act of 1993 and described in Section 160.545, RSMo. The scholarship component of the A+ program was transferred to the legacy DHE pursuant to Executive Order 10-16. As a result of SB 638 in 2016, eligible graduates of designated private high schools are allowed to receive A+ reimbursement. As of the end of the 2022-2023 academic year, there were 643 designated public high schools and 108 designated private high schools.

The A+ Scholarship provides tuition and fee reimbursement to eligible graduates of designated high schools to attend community colleges, public vocational or technical schools, or private two-year vocational or technical schools that meet the criteria outlined in Section 160.545, RSMo. Over the program's 30 year history, students and their families have come to view the scholarship as a state commitment. In FY 2023 the average award was \$3,750.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: (1) The \$6.4 million unexpended in FY 2022 resulted from a four percent decrease in recipients that was not anticipated given the program's prior history. This decrease followed four years of increases ranging between one and three percent from FY 2017 and FY 2020, and a significant 10 percent increase from FY 2020 to FY 2021.

(2) The \$9.5 million unexpended in FY 2023 resulted from a two percent decrease in recipients that was not anticipated given the program's prior history. The department needs a carryover balance of at least three million dollars to fund students enrolled in the summer term.

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program provides tuition and fee reimbursement to eligible graduates of designated high schools to attend public community colleges, public vocational or technical schools, or private two-year vocational or technical schools that meet the criteria outlined in Section 160.545, RSMo. The student financial assistance received through this program increases students' persistence and completion at qualifying postsecondary institutions by covering a significant portion of students' cost of attendance. Students who qualify for federal non-repayable financial aid, such as Pell grants, will have their A+ reimbursement reduced by a corresponding amount.

(2) The unexpended appropriation of \$1 million dollars is GEER funding. This was removed for FY 2023 as the use of the \$1 million in Governor's Emergency Education Relief (GEER) funds for the Fast Track Workforce Incentive Grant is prohibitive given the long-term nature of the grant's employment and repayment provisions and the stringent federal reporting requirements related to the GEER funds.

2. CORE DESCRIPTION

The Fast Track Workforce Incentive Grant created by Senate Bill 68 (2019) provides assistance to adults who are seeking to upgrade or retool their skills in order to enter high demand, high wage occupations. Amendments to the program in Senate Bill 672 (2022) increased the number of eligible training providers, expanded the grant to apprenticeships, and removed the loan-related requirements. Students in programs or apprenticeships in an area designated by the Coordinating Board for Higher Education as preparing individuals to enter these occupations and leading to receipt of a certificate, degree, or industry-recognized credential are eligible. The program includes a need component that limits eligibility to individuals with an adjusted gross income of \$80,000 or less if married filing jointly or \$40,000 or less for all other tax filing statuses. Students must be enrolled at least half-time and apprentices must be actively participating in an eligible apprenticeship to be eligible for the grant. Awards under the program cover the amount of tuition and fees remaining after all other governmental non-loan student assistance is applied or, for apprentices, the amount of related educational costs. For students, if all tuition and fee costs are covered by other aid, the award is up to \$500 per term or the remaining cost of attendance, whichever is lower. In FY 2023 the average award was \$3,692.

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$6,000,000 will provide grants to an estimated 1,330 students in FY 2025.

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

Growth in this program was initially slower than anticipated, largely due to the promissory note requirement as part of the ban conversion piece in the original legislation. Since that component has been removed, the department has already seen larger growth in FY 2023 than previous years, and expects that growth to continue. Coupled with increases in credit hour rates at the University of Missouri, which impacts the tuition caps at 4-year independent institutions, the department anticipates that the unexpended funds will be utilized over the next couple of fiscal years.

Program is found in the following core budget(s): Fast Track Workforce Incentive Grant

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

Implemented in FY 2020, this need-based program addresses workforce needs by encouraging adults who have not yet received a bachelor's degree to complete a certificate, degree, or industry-recognized credential in an area designated by the Coordinating Board for Higher Education as high need. Amendments to the program in 2022 increased the number of eligible training providers, expanded the grant to apprenticeships, and removed the loan-related requirements. For students, the award is based on remaining tuition and fees after all non-loan governmental sources of funding have been applied. If all tuition and fee costs are covered by other aid, the award is the lesser of \$500 or the student's remaining cost of attendance. For apprentices the award is based on the amount of related educational costs. Need is based on the individual's adjusted gross income.

2a.

Note: The number of recipients in FY 2024 and FY 2025 is expected to increase as a result of the program's expansion to include additional training providers and apprenticeships, and the removal of the loan requirements that created a barrier for students.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.085

Program Name: Dual Credit Dual Enrollment Scholarship

Program is found in the following core budget(s): Dual Credit Dual Enrollment

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program, authorized by section 173.2505, RSMo in 2016, was funded for the first time in FY 2023. It replaces the Dual Credit/Dual Enrollment Scholarship authorized by section 160.545, RSMo that was administered in FY 2022 only.

The program provides tuition and fee reimbursement for dual credit or dual enrollment coursework to high school students who meet the criteria outlined in Section 173.2505, RSMo. Awards are based on financial need demonstrated by meeting one of several statutorily-defined criteria. The student financial assistance received through this program is intended to increase the number of low-income students taking dual credit or dual enrollment coursework by covering a significant portion of students' costs for those courses. Students who qualify for any other non-loan aid applicable to their dual credit or dual enrollment tuition and fee charges will have their Dual Credit/Dual Enrollment Scholarship reimbursement reduced by a corresponding amount.

2a. Provide an activity measure(s) for the program.

NOTE: FY 2023 projections were based on the number of students paid in FY 2022 through the initial Dual Credit/Dual Enrollment Scholarship program who had an adjusted gross income below the Free and Reduced Lunch maximum income level for a household of eight. The majority of students in FY 2023 qualified for Free and Reduced Lunch regardless of the qualifying need criterion documented through their application. It is assumed that growth will increase by approximately three percent in FY 2025 and four percent in FY 2026 as this scholarship becomes established.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

Program Name: Public Service Officer Survivor Grant Program

Program is found in the following core budget(s): Public Service Officer Survivor Grant Program

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program is designed to provide educational grants to the children or spouses of certain public safety officers killed or permanently and totally disabled in the line of duty. Children (natural, adopted or stepchild) of a Missouri Department of Transportation employee killed or permanently and totally disabled while engaged in the construction or maintenance of the state's highways, roads, and bridges, and public safety officers permanently and totally disabled in the line of duty are also eligible. The grant should reduce the cost of education for as many eligible students as possible whose families have suffered a significant personal and financial loss.

A public service officer includes any firefighter, uniformed employee of the office of the state fire marshal, emergency medical technician, police officer, capitol police officer, parole officer, probation officer, state correctional employee, water safety officer, park ranger, conservation officer, highway patrolman, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, air ambulance registered respiratory therapist, or flight crew member as defined in 173.260, RSMo.

2b. Provide a measure(s) of the program's quality.

Note: Persistence represents recipients who received a Public Service Officer Survivor Grant in the prior and current academic year. This measure compares the recipients who persisted to the total recipients each year. It does not account for students who may have graduated.

2c. Provide a measure(s) of the program's impact.

Note: Total eligible applicants compared to the eligible applicants who received, or are projected to receive, the grant at a participating Missouri postsecondary institution for at least one semester in the applicable academic year. This program does not have an application deadline in order to serve as many qualifying students as possible. This makes it difficult to project the number of eligible applicants who may receive a grant.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Notes:

* The decrease in expenditures for FY 2022 resulted from a 25 percent decrease in the number of eligible applications and a 30 percent decrease in the number of recipients between FY 2021 and FY 2022. Data is insufficient at this time to determine if this is an anomaly or the beginning of a new and unexpected trend. 2. CORE DESCRIPTION

Section 173.234, RSMo, establishes the Wartime Veteran's Survivors Grant Program to provide up to 25 grants annually to spouses or children of Missouri veterans who died or became disabled from combat. Applicants are ranked first by renewal status and then by earliest application received date. Renewal applicants have priority until May 1. Renewal applications received after May 1 are ranked by application received date with initial applicants. Once the 25 recipient maximum has been reached, applicants are placed on a waiting list. FY 2018 was the first year in which the waiting list was utilized. If the waiting list exceeds 50 applicants, the department may petition the General Assembly to expand the quota. Grants cover tuition (capped at the rate charged by the University of Missouri - Columbia), plus up to \$2,000 for room and board and \$500 for books per semester. In FY 2023 the average award was \$12,683.

This core request of \$325,000 from general revenue will provide grants to 25 students in FY 2025.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.100

Program Name: Wartime Veteran's Survivors Grant Program

Program is found in the following core budget(s): Wartime Veterans Survivor Grant Program

1a. What strategic priority does this program address?

Affordability

1b. What does this program do?

Section 173.234 RSMo established the Wartime Veteran's Survivors Grant Program to provide up to 25 grants annually to spouses or children of Missouri veterans who died or became disabled from combat after 9/11/2001. The grant encourages persistence and completion by reducing the cost of education for the maximum number of recipients allowed by statute whose families have suffered significant personal and financial loss. Grants include tuition (capped at the rate charged by the University of Missouri - Columbia), plus up to \$2,000 for room and board and \$500 for books per semester. In FY 2023 the average annual grant award was \$12,683. For FY 2025 it is projected to increase to approximately \$16,000 as a result of tuition increases.

2a. Provide an activity measure(s) for the program.

Program is found in the following core budget(s): Wartime Veterans Survivor Grant Program

2b. Provide a measure(s) of the program's quality.

Note: Persistence represents recipients who received a Wartime Veteran's Survivors Grant or other state award in the prior academic year and current academic year. This measure compares the recipients who persisted to the total recipients each year. It does not account for first-year freshmen or students who may have graduated.

2c. Provide a measure(s) of the program's impact.

To demonstrate the program's impact the number of students paid will be compared to the number of eligible applicants, including those on the waiting list, to determine the number of eligible applicants receiving the grant.

Note: Although there is a priority deadline for renewal students, applications can be filed year round, making projections difficult. At the end of FY 2022, all students on the waiting list who had maintained eligibility were paid. Six students with eligible applications were not certified by their postsecondary institutions as eligible and therefore were not funded.

Note: Compares the total number of graduates in each fiscal year to the total amount each graduate received (initial and renewal awards) through the program. This measure demonstrates the average cost-per-student to achieve the program's purpose of encouraging completion.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

(Note: Amounts do not include fringe benefit costs.)

Note: The FY 2024 planned represents the core appropriation less the three percent statutory reserve.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

For FY 2025, the maximum total award amount, which includes tuition and fees, a \$2,000 housing allowance, and a \$500 book allowance, is projected to increase to approximately \$19,808 as a result of tuition increases. Assuming the maximum of 25, total cost would be \$495,200. This would leave a shortfall of approximately \$170K from the current appropriation.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Returning Heroes Education Act, Section 173.900, RSMo., became law on August 28, 2008. This law provides that all public institutions of higher education that receive state appropriated funds shall limit the amount of tuition charged to combat veterans to fifty dollars per credit hour as long as the veteran achieves and maintains a grade point average of 2.5 on a 4.0 scale, is enrolled in a program leading to a certificate or degree, and is attending in the ten year period following the last discharge from service. In addition, the tuition charged of combat veterans enrolled in graduate programs, as defined in statute, must be limited to no more than 30 percent of the cost of tuition and fees. The law also provides that institutions may report the amount of tuition waived in a fiscal year and the department may include the amount in the following year's appropriation request.

Without this funding, the institutions will have to absorb the difference between the reduced credit hour rate and the actual cost per credit hour. Since this legislation passed, institutions have provided \$14.8 million in Returning Heroes tuition reductions.

2. CORE DESCRIPTION

The Kids' Chance Scholarship Program, established in 1998 in Section 173.254, RSMo, authorizes the Coordinating Board for Higher Education to provide scholarships for the children of workers who were seriously injured or died in a work related accident or an occupational disease covered by workers' compensation and compensable pursuant to Chapter 287, RSMo. Eligible students can attend a Missouri college, university, or accredited vocational institution of their choice. Per the statute, the Division of Workers' Compensation deposited \$50,000 each year between 1999 and 2018 to build a \$1 million corpus in the Kids' Chance Scholarship Fund. Awards are the lesser of the student's actual tuition and fees, tuition at the University of Missouri for the same number of credit hours the student is enrolled in, or the amount of the Kids' Chance Inc. of Missouri private scholarship award. Awards can only be made using the interest earnings in the fund. In FY 2023 the average award was \$7,000.

This core request of \$15,000 from the Kids' Chance Scholarship Fund will provide scholarships to an estimated 2 students in F Y 2025.

2. CORE DESCRIPTION

The Minority and Underrepresented Environmental Literacy Program provides scholarships to full-time students who pursue a bachelor's or master's degree in an environmental-related field of study at a Missouri college or university and who meet specified academic standards. Priority is given to minority and underrepresented students. The Minority Environmental Literacy Advisory Committee selects recipients and therefore determines the number of students served each year. The appropriation is divided among the selected recipients, with some recipients receiving a full award and some receiving one half of the full award, as determined by the committee. In FY 2023 the average award was \$7,171.

This core request of \$36,964 from general revenue will provide scholarships to an estimated 8 students in FY 2025.

The Minority Environmental Literacy Advisory Committee is comprised of the Commissioner of Higher Education and Workforce Development or the commissioner's designee, three representatives of universities and colleges, the director of the Department of Natural Resources or the director's designee, 5 at-large members appointed by the Governor with the advice and consent of the Senate, and the state affirmative action officer.

1b. What does this program do?

The Minority and Underrepresented Environmental Literacy Program was established in 1996 by the Missouri legislature to create opportunities for students to explore areas of environmental science, provide funds for students contingent upon academic status and performance, and create a pool of applicants that reflects the cultural diversity of Missouri. The program provides scholarships to full-time students who pursue a bachelor's or master's degree in an environmental-related field of study at a Missouri college or university and who meet specified academic standards. Priority is given to minority and underrepresented students. This program should encourage applicants to work toward and complete an environmentally-related degree by providing financial assistance to reduce the cost of education.

2. CORE DESCRIPTION

The Missouri Student Loan Program was a guaranty agency that operated under the Federal Family Education Loan (FFEL) program. During the FY 2024 budget cycle, DHEWD completed a Core Reduction of 14.8 FTE, \$684,646 PS dollars and \$2,480,514 E&E dollars to zero out these funds due to the closure of this program. The remaining core request of \$640,001 is spending authority from the Guaranty Agency Operating Fund to close out the program and provide funding for services authorized by federal statute and regulation.

NOTES: (1) Per Dear Colleague Letter (DCL) GEN-21-03, issued by the United States Department of Education, guarantee agencies were told they must halt collections. This halt has now been in place for over three years, retroactive to March 13, 2020. In early 2022, DHEWD decided to begin the process of terminating the Loan Program. As a result, loan program staff has been reduced and less money is being spent on salaries, supplies, subscriptions, trainings, etc. Further, because the loan program is ending, no money was spent on outreach materials in order to conserve money in the operating fund. The spending authority is still required to complete the closure process.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.115

Program Name: Missouri Student Loan Administration

Program is found in the following core budget(s): Loan Program Administration

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

The Missouri Student Loan Program (MSLP) was a guaranty agency for the Federal Family Education Loan (FFEL) program. As a guaranty agency, this program insured lenders of Federal Stafford, PLUS, and Consolidation student loans from losses due to default at 97 to 98 percent, depending on the loan disbursement date, and at 100 percent due to loan discharge. MSLP had total outstanding guaranteed loan balances of more than \$578 million as of June 30, 2022. The Healthcare and Education Affordability Reconciliation Act, enacted March 30, 2010 (Public Law 111-152), eliminated the department authority to make or insure loans under the FFEL Program as of June 30, 2010. However, DHEWD continued to act as the United States Department of Education's (USDE) agent by fulfilling responsibilities related to outstanding guarantees, which includes working with students, borrowers, schools, lenders, servicers, and the USDE to ensure compliance with applicable federal laws and regulations.

Funds generated by the program have supported the state aid programs and provide information to prospective students and their families regarding how to plan and pay for college through support of outreach that develops and implements public awareness of the value of postsecondary education, the options available and the importance of filing a Free Application for Federal Student Aid.

This program ended October 2022. The spending authority is needed to close the program and expend remaining funds pursuant to federal statute and regulation.

2a. Provide an activity measure(s) for the program.

This program ended October 2022. There is no updated data available.

PROGRAM DESCRIPTION

2b. Provide a measure(s) of the program's quality.

This program ended October 2022. There is no updated data available.

2c. Provide a measure(s) of the program's impact.

This measure demonstrates DHEWD's effectiveness in helping defaulted borrowers regain eligibility for Title IV financial assistance. Accounts are monitored each month to verify they have maintained eligibility. If a defaulted student loan borrower falls behind in their repayment, DHEWD makes additional efforts to contact the borrower to encourage them to continue making payments to maintain eligibility. DHEWD has established a baseline goal to keep 90% of borrowers approved for reinstatement eligible for aid each month, but hopes to keep an average of 96% of all borrowers eligible. This measure is no longer applicable effective July 1, 2022 as ECMC began processing reinstatement requests on behalf of DHEWD on this date.

This program ended October 2022. There is no updated data available.

2d. Provide a measure(s) of the program's efficiency.

DHEWD's call center measures the time it takes to provide a letter to defaulted student loan borrowers who have requested information about their loans. A letter issued within 2 days of the request is considered a timely response. DHEWD has established a baseline goal for this measure of a 97% timely response rate. The FY 2021 reduction in timely letter response was due to a very large volume of written requests in response to mailings that DHEWD was required to send to borrowers as a result of the COVID-19 pandemic. These mailings also caused a large increase in calls, which made it difficult to respond timely to borrower requests.

This program ended October 2022. There is no updated data available.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Guaranty Agency Operating Fund (0880)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Student Loan Program ended in October 2022, which required the Department of Higher Education and Workforce Development (DHEWD) to process a core reduction of the funds to zero them out for the FY 2024 budget. Now, DHEWD needs a transfer appropriation so the current remaining funds can transferred to the spending authority line.

FLEXIBILITY REQUEST FORM			
BUDGET UNIT NUMBER: 55763C BUDGET UNIT NAME: Workforce Development Administration HOUSE BILL SECTION: 3.130		DEPARTMENT: Higher Education and Workforce Development DIVISION: Office of Workforce Development	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

Federal Fund (Fund 0155)	PS	1,803,228	10%
Federal Fund (Fund 0155)	E&E	291,280	10%
Flexibility will allow MDHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only ten percent is allowed for flex.			
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.			
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	
\$824,000	\$0	\$0	
3. Please explain how flexibility was used in the prior and/or current years.			
PRIOR YEAR EXPLAIN ACTUAL USE		CURRENT YEAR EXPLAIN PLANNED USE	
DHEWD serves as a funding pass through agency for US Department of Labor's (DOL) federal Workforce Innovation and Opportunity Act dollars to local workforce development boards (LWDBs) around the state. In 2015, DOL issued significant monitoring finds against City of St. Louis' LWDB, St. Louis Agency for Training and Employment (SLATE) that resulted in over \$1 million in disallowed costs; Missouri is required to return the disallowed cost back to the federal agency. DHEWD worked with DOL and SLATE to negotiate down the necessary return amount to \$824,000. The DHEWD needs to use its flex authority to return this balance to DOL.		DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.130

Program Name: Workforce Administration

Program is found in the following core budget(s): Workforce Development Administration

1a. What strategic priority does this program address?

Meaningful Work

1b. What does this program do?

Workforce Administration provides:

- Support for the day-to-day oversight and the administration of federal funded employment and training programs such as: Veterans Services, the Workforce Innovation and Opportunity Act, Trade Adjustment Assistance, and Wagner-Peyser.
- On-going implementation of new and expanding employment and training programs.
- The personal service and expense and equipment costs for the staff necessary to operate the job centers around the state.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.130

Program Name: Workforce Administration

Program is found in the following core budget(s): Workforce Development Administration

2a. Provide an activity measure(s) for the program.

	FY 2021		FY 2022		FY 2023		FY 2024	FY 2025	FY 2026

*Number of individuals served represents customers receiving a service through the Missouri Job Centers and the self-serve website. The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The participant count has decreased over the years due to a change in reporting methodology from the Next Generation Job Center model (counting participants 3 years after exiting the system) to the current model which provides a more realistic number. Due to the COVID-19 pandemic, office closures directly affected the number of services provided during FY 2021.

Participant data was queried from customer data through MoPerforms.

**Projections are based on the assumption the economy will slowly regain; therefore, projections for FY 2024 thru FY 2026 are estimated to increase by 3%, 4%, and 5% respectively.

**The sub-recipients are monitored on-site annually to ensure the funding is spent appropriately and program services are provided as prescribed by state and federal law, rules, and regulations. Various databases and source documentation are reviewed to determine compliance and to evaluate performance of sub-awards. Beginning in FY 2021, sub-recipient monitoring has been conducted quarterly rather than annually.

***Beginning in FY 2020, financial monitoring will not be conducted by department staff but rather will be completed via contracted monitoring. As a result, the compliance and administration monitoring will increase in projected years.

Program is found in the following core budget(s): Workforce Development Administration

2b. Provide a measure(s) of the program's quality.

	FY 2021 Projected	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected	FY 2025 Projected	FY 2026 Projected
Sub-Recipient Satisfaction Rate:	79%	79%	79%	79%	79%	79%

*Note: The first sub-recipient survey will take place in FY 2024, and each year thereafter.

**A sub-recipient is an entity to whom Workforce Development sub-awards funding to execute programs offered through the Public Workforce System such as the Summer Youth Programs, Incumbent Worker Training, and Apprenticeship opportunities.

2c. Provide a measure(s) of the program's impact.

In FY2022, DHEWD implemented a new contract management system that captures data for all contracts such as annual agreements, sub-recipient contracts, memorandums of understanding, and purchase requests.

Data for F2021 measures the time to initiate, produce, and finalize contracts to enable sub-recipients the ability to carry-out the required activities of the sub-award.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

DHEWD currently has a federally approved Cost Allocation Plan (CAP) in which it allocates indirect costs across funding sources. DHEWD's primary federal funder, the U.S. Department of Labor, has indicated that they will soon be transitioning away from approving CAPs and are encouraging state agencies to pursue a Negotiated Indirect Cost Rate Agreement (NICRA) instead. DHEWD leadership supports this change because the indirect cost rate approach streamlines administrative processes by consolidating various overhead expenses. This efficiency will allow our team to focus more on core mission activities and reduce the administrative burden of cost allocation. In order to make this transition, DHEWD will need a specified fund for indirect costs and funding therein to finance indirect costs for the first six months of the transition, until we are able to build up our indirect cost pool. After that, the fund will be sustainable as we draw a (yet unknown) percentage of direct federal funds and deposit them into this specified fund.

No new FTE is being requested. This is to fund the current federal portion (approximately 31.01 FTE that's charged) of the cost allocated positions with general revenue funds for 6 months. After the 6 months, these positions will have their percentage of federal reapplied to the federal cost pool.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The requested amount was derived from reconciled actuals from previous DHEWD Cost Allocation Plans.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

- Re-negotiate rate each year
- Pooled costs are allocated back to programs/grants for reimbursement

6b. Provide a measure(s) of the program's quality.

- Treats indirect costs equally and produces a percentage that is applied to a direct or programmatic functions
- Rate and method are federally approved
- Provide details of costs
- Rate is approved by a federal negotiator

6c. Provide a measure(s) of the program's impact.

- Less administrative burden
- Provides for one method to allocate almost all administrative costs
- Makes budgeting simpler and more efficient

6d. Provide a measure(s) of the program's efficiency.

- Will allocate all costs in the cost pool
- Time taken to complete annual cost allocation plan will decrease
- Time taken to process administrative costs will decrease

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

If approved, switching to an indirect cost rate will increase efficiency of allocating costs; making budgeting simpler and saving the department time and money. The amount of time needed to keep processing the way it is now will continue causing undue hardship, extensions, and delaying other required departmental duties. By providing one method to allocate administrative costs allows for consistency; treating each cost the same.

2. CORE DESCRIPTION									
<p>Missouri employers, job seekers, policy makers, and service organizations require high-quality economic and labor market information to make decisions, identify areas of need, and support Missouri's overall economic growth. The Missouri Economic Research and Information Center (MERIC), as part of the Office of Performance and Strategy, serves those needs through data collection, applied research, innovative analysis, and reporting to the public and policymakers.</p> <p>This research and analysis includes labor market trends, employment and unemployment rates, occupational studies and projections, economic conditions, studies of Missouri's industries, and the creation of data and analysis on jobs, education, and training that employers demand now and in the future. MERIC also works in cooperation with the U.S. Department of Labor as the state's labor market information agency to collect data, conduct research, and produce information on economic conditions and labor market trends on a monthly, quarterly, and annual basis. Through its website, MERIC.mo.gov, MERIC also provides interactive access to economic and workforce data for the state, and its regions and counties.</p> <p>For occupation employment and wage statistics, employment trends, and industry and occupation projections, MERIC is the recognized originating source of this data. No other organization in the state is in a position to provide the same information. The branding of the work of these state staff members as "MERIC" has provided stability, reliability, and a trusted source of reputable information, even through a department merger and transition. In FY 2024, funding and FTEs were added to the MERIC core budget for the P20W Research Data Center, which will securely maintain and use longitudinal administrative data to conduct research to support policymakers and decisionmakers around the state.</p>

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: 1) The .S. Department of Labor, Employment and Training Administration Workforce Information Grant to States (WIGS) is one portion of MERIC's federal funding. This grant is awarded annually with the ability to carryover for three years. Due to staffing turnover and hiring challenges, along with changes of normal procedures during the COVID-19 pandemic, the grant is carrying a larger than normal balance. A more normal spending pace has resumed and it is expected for the grant to expend the majority of the carryover by FY 2026.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.130

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

1a. What strategic priority does this program address?

MERIC supports DHEWD's vision of "Every Missourian empowered with the skills and education needed for success" by filling a critical need in Missouri for high quality economic and labor market information to support decision-making. High quality information is essential for employers, job seekers, education and training providers, and other agencies that support Missourians and encourage economic stability and growth. Most directly tied to the department priority of "Raise Awareness of Options", the research and data provided is applicable to a variety of stakeholders as MERIC not only collects and provides a wide array of meaningful data and research, but also makes it easy to access and understand.

1b. What does this program do?

The Missouri Economic Research and Information Center (MERIC) performs data collection, applied research, and reporting of useful information to businesses, policymakers, jobseekers, educators, planners, and the general public to support making data-informed economic, workforce, and career planning decisions. Organizations such as chambers of commerce, community planners, and economic developers use this information for grant applications, promoting Missouri as a location for business expansion and retention, and supporting in-demand jobs.

Research includes: (1) collection, development and analysis of labor market data such as employment, unemployment, wages, and occupational information; (2) production of data and analysis on jobs, career planning, industry and occupation projections, and education and training that employers demand now and in the future; (3) studies of Missouri's industries, targeted sectors, and top occupations in those businesses; (4) economic conditions and indicators for the state, regions, and counties, and (5) research on the education-to-workforce outcomes of Missourians.

MERIC also provides training, outreach, and support for all Missourians seeking research sources and insights in all of the above areas. With a variety of sources available, data can be difficult to find, understand, and properly interpret. MERIC helps bridge the gap between the data and those who need it.

2a. Provide an activity measure(s) for the program.

	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
	Actual	Actual	Actual	Actual	Projected	Projected
Direct Activities						
Customers in Training/Presentations	1,585	1,843	891	975	1,000	1,000
Customer Assistance	1,247	1,281	977	931	950	950
E-Newsletter Recipients	2,955	7,821	9,822	13,296	13,562	13,833
Indirect Activities						
Website Page Views	320,786	397,531	735,844	735,844	743,202	750,634

As more users find the information they need on the MERIC website, the need for direct Customer Assistance should decline. The website page views show the number of pages on the MERIC website (meric.mo.gov) that were visited in the fiscal year. There was significant growth in FY 2022, as more users found MERIC to be a resource.

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

2b. Provide a measure(s) of the program's quality.

	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
	Actual	Actual	Actual	Actual	Projected	Projected
New Visitors	96,827	158,929	409,204	578,193	583,975	589,815
Returning Visitors	13,652	19,490	47,303	62,014	62,634	63,260

The MERIC website is the most popular and primary resource by which customers access and interact with MERIC's products and programs. The number of new visitors to the website recognizes the amount of users finding the MERIC website for the first time during the year. Many of these visitor reach the site through internet search of relevant topics for which MERIC is a resource. The number of returning visitors indicates the growing trend of users finding MERIC to be a resource to utilize repeatedly, which is a measure of quality.

2c. Provide a measure(s) of the program's impact.

- Direct Outreach per Staff: Sum of MERIC reported customers assisted, people trained or in presentations, and delivered newsletter recipients in the year divided by staff level. The FY 2021 to FY 2022 and FY 2023 increase is due in part to a significant increase in weekly newsletter recipients after the creation of the Department.
- Calculated Stretch Goal for FY 2024 of 2% over FY 2023 actual.
- Baseline is set to average of actual for the last five Fiscal Years.

2d. Provide a measure(s) of the program's efficiency.

- Annual Cost Per Research Product & Service: Sum of MERIC total funding (federal grants and state revenue) divided by sum of new research products, presentations, and services in the year.
- Calculated stretch goal of reduced cost of 2% from FY 2023 actual year.
- FY 2020 and FY 2021 actual were lower due to unexpected changes in budget expenditures and staffing. Expenditures per product and service returned to more expected levels in FY 2022 and FY 2023.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

MERIC's federal funding from the U.S. Department of Labor comes from the Bureau of Labor Statistics (BLS) and Employment and Training Administration (ETA). The BLS is authorized to collect labor market information pursuant to the 1884 statute (29 USC 1), an Act to Establish the Bureau of Labor, as amended. Section 14 of the Wagner-Peyser Act (29 USC 49 f(a)(3)(D)) authorizes the Secretary of Labor to reimburse the States to provide data for national statistical programs. In addition, both BLS and ETA cite the Workforce Investment Act of 1998 which amended the Wagner-Peyser Act by adding a new section 15, "Employment Statistics," which authorizes the Secretary of Labor to "...oversee the development, maintenance, and continuous improvement of a nationwide system of economic statistics..." as authorization for their programs.

6. Are there federal matching requirements? If yes, please explain.

N/A

7. Is this a federally mandated program? If yes, please explain.

This program is partially federally mandated. The BLS uses a cooperative agreement to fund cooperative statistical data collection programs, pursuant to the Federal Grant and Cooperative Agreement Act of 1977 (31 USC 6301-08). The specific statistical programs and program requirements funded through this Collective Income Group Cooperative Agreement are described in ongoing work statements with the states. In a similar fashion, ETA instructions for use of its funding are detailed to states in the annual Training and Employment Guidance Letter for the Workforce Information Grant to States.

However, the federal mandates associated with this program detail only a limited portion of the actual work activity and services provided. The program also provides for state-specific research needs, leveraging the unique access to data provided by the federal mandates. Types of state-specific support include research support of various state-led task forces and initiatives, high-demand programs, critical research support in the state's effort to be the Best in the Midwest, and assistance to legislative offices and other state-funded agencies in support of their missions.

2. CORE DESCRIPTION														
<p>The Workforce Innovation and Opportunity Act (WIOA) provides the framework and funding for a national workforce preparation and employment system designed to meet the needs of businesses and job seekers. WIOA programs and services are delivered statewide through the Local Workforce Development Boards, in accordance with federal and state statutes. The State of Missouri is obligated to distribute WIOA funds to sub-recipients, including the Local Workforce Development Boards. The Wagner-Peyser Act of 1933 (WP) is also administered by the division. WP funds provide labor exchange services, which are no fee employment services to individuals seeking employment and employers recruiting workers. In addition, this core supports special projects related to labor exchange, including Missouri's Certified Work Ready Communities (CWRC) initiative. The CWRC initiative helps develop a workforce with the fundamental skills required to successfully support business in today's economy, attract new business and develop a strong talent pipeline for the state's growth nationally and globally. This core also includes other federal and employment and training funds that complement the workforce system. The department is subject to Chapter 34 of the revised statutes of Missouri and must competitively bid any legislatively appropriated project through the Missouri Office of Administration's Division of Purchasing.</p> <p>- There are one-time funds of \$5.4 million that have been removed from the FY 2025 budget. This includes: \$1,000,000 St. Louis Job Training, \$300,000 MO Works Pre-Apprenticeship, \$100,000 Pre-Apprenticeship Kansas City, \$300,000,000 NGA Geospatial, and \$1,000,000 AccessPoint.</p> <p>- A core reduction of \$25,595,665 of federal funds has been done to more accurately reflect available federal funds.</p>

2. CORE DESCRIPTION																																																																					
<p>Funding will be used, through vendors, to provide Missouri residents with computer programming and coding training that is free to the participant. This General Revenue appropriation authority will ensure the participants are career ready for computer programming jobs in the state. Last year 205 participants were served, as self-reported by LaunchCode, the only recipient of this funding in FY 2023. In FY 2024, this appropriation was increased to \$1,000,000 provided the program be available to more than one vendor and payments to a single vendor shall not exceed \$500,000. The department is subject to Chapter 34 of the revised statutes of Missouri and must competitively bid any legislatively appropriated project through the Missouri Office of Administration's Division of Purchasing.</p>

2. CORE DESCRIPTION

The Office of Workforce Development (OWD) has been building the apprenticeship model in Missouri for several years, achieving the status of #3 in the nation for the number of apprentices. Apprenticeships serve two purposes 1) providing training and work experience for individuals, leading to long-term employment and family-sustaining wages; and 2) ensuring employers will have workers with the skillsets to meet their business needs as they serve their customers. The OWD would distribute funds through community colleges, local workforce development boards, high schools, and community development organizations to expand certified pre-apprenticeships and registered apprenticeships to Missouri citizens. The focus would be in both traditional and nontraditional apprenticeships. Growth in target in-demand occupations will include construction trades, IT, manufacturing, and healthcare, including public health care. Due to limited federal funds, this program cannot operate to its fullest potential. The reference for Registered Apprenticeship Programs is *85 FR 14386*.

For the FY 2024 budget, OWD requested general revenue funding to provide a stable funding stream rather than relying on competitive grants as done so in the past. Instead, the request was approved with the use of federal dollars, and while OWD had spending authority, the funds were not available.

An NDI for a fund switch from federal to general revenue is being requested for this program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s):

3.135

Program Name: Workforce Programs

Program is found in the following core budget(s): Workforce Programs

1a. What specific priority does this program address?

Meaningful Work

1b. What does this program do?

- Workforce Programs provide skill development, workforce preparation, and job placement services to unemployed and under-employed individuals to ensure they are no longer solely reliant on public assistance. The participant may visit one of the Missouri Job Centers or the self-serve website, jobs.mo.gov.
- Workforce Programs provide business services to employers, assisting them to develop and maintain a workforce.
- These funds are primarily federal pass through dollars distributed according to federal and state regulations to subrecipients, primarily the Local Workforce Development Boards.

2a. Provide an activity measure(s) for the program.

	FY 2021		FY 2022		FY 2023		FY 2024	FY 2025	FY 2026
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Total Participants Served	108,445	68,381	71,800	64,521	64,771	70,971	73,100	76,024	79,825
Participants Served-In Person	54,161	28,592	30,022	43,659	43,735	52,911	54,498	56,678	59,512
Participants Served-On Line	54,284	39,789	41,778	20,862	21,149	18,060	18,602	19,346	20,313

*Number of individuals served represents customers receiving a service through the Missouri Job Centers and our self-serve website. The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The participant count has decreased over the years due to a change in reporting methodology from the Next Generation Job Center model (counting participants 3 years after exiting the system) to the current model which provides a more realistic number. COVID office closures directly affected the number of services provided during FY 2021.

**Projections are based on the assumption the economy will slowly regain; therefore, projections for FY 2024 thru FY 2026 are estimated to increase by 3%, 4%, and 5% respectively.

Participant data was queried from customer data through MoPerforms.

***To put a dollar value on these rankings, you have to depend on ranges. There are too many variables, including whether you're single or living with someone, whether you have kids, and other considerations. With that in mind, the average cost to live in the state of Missouri lies between \$2,202 and \$6,411 per month. Kansas City falls between \$2,281 and \$6,768. Living in St. Louis ranges roughly from \$2,307 to \$6,680.*

The Apprenticeship Missouri request is to change funding sources from OWD's existing federal funds to General Revenue. Prior to FY24, funding for staff and outreach was achieved through competitive federal grants, and was changed to use OWD's existing federal budget authority beginning in FY24. While it may appear that OWD has federal funding available, the budget represents spending authority, not actual dollars. Federal funding for workforce programs has decreased over the past few years, and most of the funds are dispersed to the local workforce development boards and projects to support the workforce system. Funding Apprenticeship Missouri with GR would allow OWD to serve more Missourians that otherwise may not be eligible due to federal eligibility requirements.

The Apprenticeship Missouri request is based on historic expenditures and staffing required to operate the program. No new FTE are requested. This NDI will allow for a stable funding stream of General Revenue to continue the development and expansion of the Registered Apprenticeship training model for Missouri's citizens and employers.

As employers seek skilled workers and job seekers look for opportunities, Job Center services tend to be one of the best kept secrets across the state. Funding for outreach will support consistent messaging and increase the visibility of services offered to employers and job seekers as paid advertising reaches more individuals. Messaging in advertising campaigns will resonate and raise awareness of career pathways and the options for education and training for students and adult learners. One focus will be shorter-term credential attainment for Missourians to return to work or advance high-demand occupations.

The Office of Workforce Development, within DHEWD, will use the funds to develop social media, TV, radio ads, and Google ads stressing the importance of obtaining credentials after high school and the services available to Missourians to find work and training. Targeted credentials include shorter term education and training that does not require a 4-year degree. No additional FTE are requested as part of this initiative. Services from the internal DHEWD Communications Team will be utilized to develop content and formulate a plan to maximize the outreach to target audiences.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

- * Number of people reached via paid advertisement (reach, impressions, clicks, watch time for videos, bounce rates on web sites)
- * Number of engagements on social media posts (shares, likes, clicks, comments)
- * Number of people clicking on and completing inquiry forms on the Department website requesting Job Center services

6b. Provide a measure(s) of the program's quality.

- * Increase in engagement on posts shows engaging and informative content
- * An increase in the number of Job Center visits, downloads, and registration of the mobile application, and website inquiry forms submitted shows information is communicated accurately and driving people to take next steps

6c. Provide a measure(s) of the program's impact.

- * Number of people enrolling in services at Missouri Job Centers

6d. Provide a measure(s) of the program's efficiency.

- * Increase in Missouri labor force participation would indicate people are accessing information and entering or returning to the workforce
- * Number of people enrolled in colleges and universities would show that learners of all age groups understand the importance of education/training (potentially due to awareness campaigns)
- * Number of people enrolled - increases vs cost of campaign

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Developing marketing campaigns around services offered to individuals, extra support in finding the right job for existing skillsets, and the training and education resources that may be available to Missourians is crucial in meeting the state's workforce needs. Advertising may be in many forms such as TV, radio, social media, and Google ads.

Funding will be used to deliver a consistent message about Job Center services offered statewide, as well as messaging targeted to the specific industry and occupational needs regionally.
